

EU - Pakistan - renewable energy capacity building & matchmaking project

Exploring business opportunities in Pakistan

EU-Pakistan matchmaking events in Islamabad and Karachi

In the framework of the EU-Asia Invest program the Bundesverband Solarwirtschaft e.V. (BSW-Solar) coordinates the “EU-Pakistan renewable energy capacity building & matchmaking project”. We herewith invite renewable energy related companies from Europe to participate in a matchmaking event in Pakistan. This EU funded project aims to stimulate mutual business encounters between companies from Pakistan and the EU. Furthermore it actively supports Pakistani companies in increasing their technical know-how in the field of renewable energy technology.

Programme, June 30th – July 4th, 2008

Sunday, June 29	Individual travel from Europe to Pakistan Pick-up by the hotel Check-in in hotel Welcome and briefing by project leaders	Islamabad, Best Western Hotel
